The Timeless Craft of Phu Quoc Fish Sauce

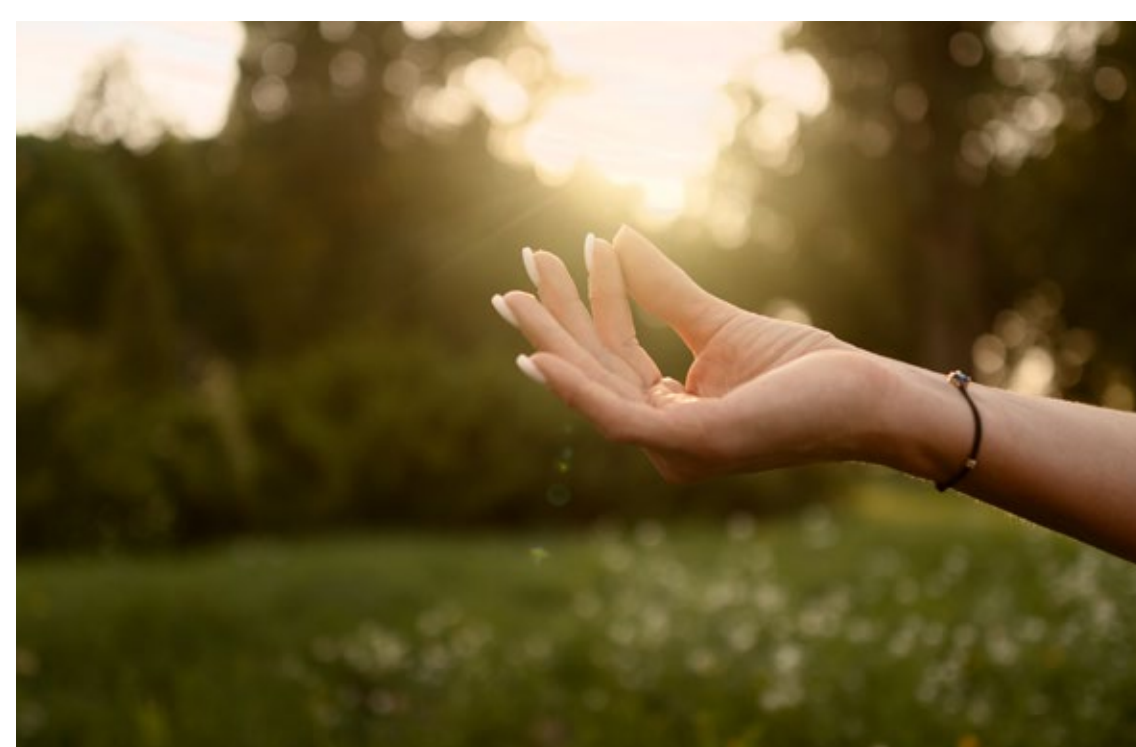

Every Drop Tells a Story

In Phu Quoc, fish sauce is more than a kitchen staple, it's a treasured tradition. Made from fresh anchovies and sea salt, then aged in wooden barrels for over a year, Phu Quoc fish sauce (nước mắm Phú Quốc) offers a rich, savoury flavour unique to the island.

Enjoy it with local dishes at the resort, where just a few drops tell a story of generations past.

Keen to discover more? Visit a traditional barrel house (nhà thùng) to see how it's made and perhaps take home a bottle as a meaningful keepsake.

Need a ride or a guided tour? Our concierge team is happy to arrange transport and share insider tips to make your visit unforgettable. Just let us know how we can help!

Nature's Gentle Healing

Island Wellness

Phu Quoc is more than just a beautiful destination; it's a serene escape for your body and mind. The local islanders have cherished the calming gift of the sea for generations, and we warmly invite you to experience this tranquility during your stay with us.

-  The sound of waves helps calm the nervous system, guiding the brain into a peaceful, meditative state.
-  The sea breeze, rich in negative ions, boosts oxygen flow to the brain and lifts your mood naturally.
-  Ocean views in calming shades of blue help reduce stress and promote inner calm.
-  Sunshine supports vitamin D production, essential for strong bones, a healthy immune system, and mental wellbeing.
-  Walking barefoot on sand or swimming helps reconnect the body with the earth's natural energy, promoting balance and healing.
-  Take a breath, feel the breeze, and let the island care for you naturally.
